BRITAIN PLANS NEW SHIP PACT

Officials from France Italy and Russia Requested to Attend London Parley

(Copyright 1935 by The Associated Press)
LONDON June 19—British officials, equipped with the bargaining power of the new naval agreement with Germany prepared today to receive delegations of naval experts from France Italy and Russia with whom they expect to discuss the terms of a proposed multilateral treaty for naval limitation
Well informed British quarters stated an invitation for the discussion of such a general pact already has been extended to France and that the details probably will be arranged when Capt Anthony Eden minister for League of Nations affairs confers with Premier Pierre Laval of France in Paris on Friday

Claim Nothing Said
Despite the clamor raised in the French press over the Anglo German agreement British officials insist the French government officially has expressed neither approval nor disapproval of the agreement
French fears that Britain's next move will be a bilateral air pact with Germany were ridiculed by British officials who said such an idea has entered no one's head here
It was stated authoritatively new developments in forming a five

JUDGES TOO BUSY TO TAKE VACATION

By The Associated Press
COLUMBUS O June 19—Ohio's supreme court judges have been forced to postpone vacation plans
Confronted by a heavy docket they scheduled an extra decision day instead of ending their work for the summer with decisions o be announced today
Oral arguments for the spring term were completed last Friday but so many cases awaited action the judges decided to report again a week from today
The long-delayed opinion on the Ohio Bell Telephone rate case was expected to be continued until after the summer recess

LIQUOR CHIEF GETS AID

Doctors Hear Talks on Cancer, Plastic Surgery

Detroiter Tells How He Keeps "Spare Parts" in Ice Box To "Repair" Injured Faces; Leaders on Program at Pan American Meeting

Physicians and surgeons from Ohio and nearby states were in Marion today for an all-day meeting sponsored by the recently organized chapter of the Pan American Medical association Among them were outstanding men in the nation medical circles scheduled to give talks
The program began at 1 p m at the Ohio theater where four talks were to be given this afternoon some of them illustrated with lantern slides A banquet at Hotel Harding is scheduled for tonight to be followed by two more talks
The first two speakers on the afternoon program were Dr L M Rosenthal assistant to Dr Max Cutler director of the tumor clinic at Michael Reese hospital in Chicago who told of developments in the treatment of cancer and Dr Claire L Straith a plastic surgeon of Detroit who spoke on the facial surgery problems growing out of automobile accidents
Dr Rosenthal declared that more progress than can be imagined has been made in the treatment of cancer making it possible to cure cases formerly regarded as incurable Dr Straith told of keeping spare parts of cartilege in an ice box in his office for use in building up crushed noses and other facial features and said that young women most frequently suffered facial injuries in automobile accidents because their position in the automobile beside the driver caused them to be thrown against the cowl whenever a crash occurs
Dr Rosenthal's subject was Indications and Contra-indications of Radiation in the Treatment of Cancer He asserted that tremendous improvement has been made in the treatment of cancer
Progress in the treatment of cancer he said has been due principally to (1) a more thorough understanding of the disease (2) better equipment and facilities to work with and (3) a better understanding of the use of the facilities available for its treatment
For example he said the X ray has been used for years in cancer treatment but not until the last few years has it been used with any assurance of absolute cure most previous use of the machine being for relief or to keep the cancer from growing
Dr Coutard of Paris brought to attention of the medical profession that if the X ray machine were used in different ways with improved technique cures could be obtained in what previously had been regarded incurable cases he said
Most remarkable things have been done also with radium packs a means of treatment that has been available for years but is now used much more efficiently as a result of developments in recent years he continued
He credited developments made by Dr Regaud of Paris and Dr Max Cutler of Chicago with opening new fields of usefulness for radium packs — single apparatus using $240,000 worth of radium
In the step by step progress made in the field of medicine the past generation has done much to study microscopically and describe the 1,000 to 2,000 different types of cancer Dr Rosenthal continued He pointed out that the present generation in the medical field is studying the reaction of each of these types to the different types of treatment—surgery radiation (X ray treatment) or a combination of the two Developments in this work have led to the classification of the different types of cancer and what type of treatment best suited for each he said
Present day studies are showing when to put what where in the treatment of cancer he asserted
The earlier cancer is given attention the better the chance of cure although cases given attention in their late stages are by no means hopeless he said

Plastic Surgery
In the second speech of the afternoon Dr Claire L Straith of Detroit a plastic surgeon for more than 15 years spoke on Plastic Surgery and the Traffic Problem Especially the Treatment of Crushing Facial Injuries
Dr Straith disclosed that he carries a stock of spare parts in an ice box in his office to build up caved in foreheads and noses most of which grow out of automobile accidents The parts consist of cartilege lying between the ribs and skin of the chest. The ice box however is not the only storage place for the spare parts Once a man or woman's

First Arrest in Traffic Drive Made by Police

Ashland Salesman Fined $10 on Charge of Speeding on N Main St

The first arrest in the newly launched police drive against speeders and careless drivers was made at 8:45 a m today when Earl Jordan 53 of Ashland was taken into custody on North Main street for speeding Jordan was fined $10 and costs when he pleaded guilty in municipal court this morning
Police Chief E C Mackan said he and Patrolman Powell were cruising in one of the new police cars when Jordan passed them at a high rate of speed They followed him from Fairground street south to the railroad tracks on North Main and he was doing between 48 and 50 miles an hour to George street when he slowed down to 40 for the business section Chief Mackan said
The chief said the drive will be a permanent policy in the handling of city traffic and pointed out that the department will now have ample facilities to cope with the situation with the purchase of two new cars and a motorcycle This will not be in the nature of a speed trap but is a definite effort to lessen the number of accidents in the city which have greatly increased during the last month Mackan said

Farmers Draw Lines for War on Chinch Bugs

Witness Demonstration of New Method To Combat Insects

First step in a countywide program to protect Marion county corn fields from chinch bugs was taken last night when representatives of the county's townships met at the Orla Barks home south of Marion to witness a demonstration of chinch bug barriers
F B Whitington extension specialist from Ohio State university made the demonstration showing how corrugated paper soaked in creosote black tarred felt paper or creosoted rope can be used
Representatives of the township were urged to make arrangements to conduct demonstrations in their home communities so that each farmer can take steps to protect his corn fields before chinch bugs start leaving fields of wheat.

Bugs Can't Fly
The chinch bug traveling only on the ground are repelled by creosoted barriers and a field surrounded by barriers prior to the time the bugs start crawling is considered to be protected against them
Homer Porter assistant to County Farm Agent S L Anderson said a survey in Marion county has shown an average of 24 bugs to each square foot of timothy meadow and that this figure represents a slight increase over last year
The federal government again will be able to furnish creosote to farmers on a limited scale this year Mr Porteus said He added

COMPANY SUED FOR CHAIN WIRE ACTION

By The Associated Press
TRENTON, N J., June 19—The Western Union Telegraph Co. was sued today in supreme court for $3,000,000 on the ground it violated gambling laws by sending "chain" telegrams.
The suit was brought by William F. Dwirner of Merchantville, as a "common informer" under the gambling laws of 1877.
Under this law the "informer" receives one-half the penalties and the county the other half.

WAGNER LABOR BILL VOTE NEAR

Advocates Press for Favorable Action on Disputes Measure by Nightfall.

BATTLE SEEN DEVELOPING

Brought on by Clause To Ban Coercion of Workers by Union Leaders

By The Associated Press
WASHINGTON June 19 The Wagner labor disputes bill was placed before the house today with leaders striving to pass it before nightfall
Chairman Connery Democrat of Massachusetts of the labor committee said however that a fight was developing around a proposal to write in language declaring that labor unions shall not coerce workers to join unions or to strike
He said he did not know from what quarter the proposed amendment would come but he was virtually certain it would be offered A similar proposal by Sen Tydings Democrat of Maryland was turned aside before the senate passed the bill and sent it to the house

Put on Must List
The bill which carries an administration must label would establish a permanent national labor relations board outlaw company dominated unions and set up other legal provisions which the bill's supporters say are necessary to safeguard the right of collective bargaining
It has been newly cloaked in armor which its supporters hope will protect it from assaults on grounds of unconstitutionality The labor committee wrote in provisions intended to shelter the bill under the interstate commerce clause of the constitution
Only after administration leaders turned on the pressure did the rules committee clear the way yesterday for the bill to reach the floor A number of committee members said they felt the bill still was unconstitutional
Rep Marcantonio Republican of New York was prepared to offer two proposed amendments—one to permit agricultural workers to come within the bill's scope and the other to make the labor relations board an independent federal agency

Differ on Board
The senate-approved bill provided for an independent board but the house labor committee

TWISTER HITS AT NEWMANS IN RAIN STORM

Trees Power and Phone Lines Torn Down North of Prospect

STATE HIGHWAY BLOCKED

Nearly An Inch of Rain Falls Here as Floods Continue in West

As reports of last night's spring floods and heavy rains were received from many parts of the country Marion and vicinity was the scene of one of its lesser results of the year in what was described as a miniature tornado near Prospect
Telephone and power lines were torn down north of Newmans as the twister cut its path across route 3 south of Prospect Traffic was delayed for a short time while highway workmen under the direction of Clyde Totterfield Marion county highway superintendent removed the debris
Approximately 15 to 18 trees and large limbs covered the highway Mr Totterfield reported and trucks were required to use block and tackle to remove the debris Automatic switches prevented disruption of power and light service it was reported by C D & M officials

Phone Poles Down
Traffic over route 98 was delayed but a short time Mr Totterfield said as county crews had been working in the southern section of the county The Ohio Associated Telephone Co reported only a half dozen poles broken by the wind throughout the county Damage approximating $200 to $300 was quickly repaired by telephone linemen
A total of nine-tenths of an inch of rainfall was recorded in Marion for the 24 hour period ending at 8 a m today The previous 24 hour period showed a recording of .41 inch of rain
A number of limbs torn from trees on city streets was the only damage reported in Marion Slight damage to crops was reported throughout the county with some wheat beaten down by rain Temperature in Marion fell from a high of 80 degrees yesterday to 59 last night At noon today the mer

(Continued on Page Two)

CITIES WILL OFFER GAS RATE THURSDAY

Proposal To Company Officials Will Be Made at Ashland Meeting

Marion and three other cities negotiating jointly for gas rate settlements are scheduled to submit a rate proposal to the Ohio Fuel Gas Co at a meeting Thursday night in Ashland
City Solicitor Theodore B Ochs said Wesley Orr the city solicitor of Lorain who is taking part in the joint negotiations has notified him by telephone that the meeting has been arranged
A group of city officials including members of a special utility committee of council will represent Marion at the meeting
Marion was represented at a meeting in Ashland June 12 at which Marion, Bucyrus, Ashland and Lorain decided to act jointly in their efforts to get rate settlements with the company. They are the only cities among 18 affected by the Logan gas decision of the state utilities commission that have not already made settlements with the company
The rate proposal to be offered by the cities at the Ashland conference will not be made public until after the meeting
It is understood by Solicitor Ochs that representatives of the gas company will attend the conference in Ashland Thursday night to receive the cities' rate proposal.

HALTS MINE MUTINY

Warden Lacey Simpson above led a squad of officers and guards into a Kansas penitentiary coal mine last night and yielded a mutiny involving 350 prisoners who had set fire to mining apparatus The subdued prisoners were later forced to evacuate the shaft (Photo by International News)

OFFICIALS GET STADIUM PLANS

Application Filed With FERA Officials in Columbus Today

APPROVAL EXPECTED SOON

Engineer Says Work Will Be Started as Soon as Ok Is Given

Plans for the construction of the Harding High school athletic stadium were to be filed with FERA engineers in Columbus today for study and approval Erwin Neaper FERA works division manager here said he expected the approval to come within 10 days and that he would start work on the stadium by July 1
Mr Neaper assured city board of education members who passed on the plans at a meeting June 10 he would have the structure completed in time for the next football season He expects to work a double crew of FERA workers day and night he said
The entire cost of the stadium has not been definitely estimated though the board of education's share is to be in the neighborhood of $7,500 which will be taken from a building and improvement fund and not from school operating funds
The stadium is to be in three sections seating 1,137 people It will be built in such a way that it will be possible at any future time to build additional units on each end ing 433 on either end without marring the symmetry of the structure The main unit will be labeled seating section A
Mr Neaper and School Superintendent Hudson stressed the desirability of adding two more sections "B and C" to the main structure in the future or in the original plans Each section would seat 433 persons giving the stadium a seating capacity of 2,203 This would take care of the large crowds expected at athletic and civic events as a result of the construction of a modern stadium and field house The project should become self liquidating within a reasonable length of time they pointed out
The board of education is not now in position to invest more than it has appropriated for the main structure, Mr Hudson said, and the only possibility of financing the two needed sections would be to have civic organizations take an interest in the proposal and work out a plan to raise the necessary funds. The approximate cost of each additional section would be $1,000, Mr. Neaper estimated. "Now is the time to build the stadium and build it right" he added.
Civic clubs interested in seeing the two sections built at the time the main structure is erected are urged to get in touch with Mr. Hudson or the FERA works division at once

MILK COMMISSION RIGHTS ARE UPHELD

By The Associated Press
COLUMBUS, O., June 19—Right of the almost defunct Ohio milk marketing commission to establish milk settlement committees in various marketing areas to supervise distribution was upheld by the state supreme court today. The high tribunal refused to review the appeal of Edward and Arthur Auth, Cleveland milk distributors, who had attacked validity of the milk control law.
The law automatically expires June 30 through failure of the legislature to reenact it or a substitute measure. The milk marketing commission, which was set up to administer the law, will cease to function on that date also

SALES TAX RUNS $1,063,808

COLUMBUS, O., June 19—Sales tax collections for the week ending June 15 were $1,063,808 State Treasurer Harry S. Day reported today Collections in the 29 weeks since the tax became effective total [illegible]

WARDEN LEADS FORCE INTO PIT TO END MUTINY

Cowed Convicts Evacuate Mine March to Cells Between Armed Guards.

STARTED FIRE IN SHAFT

Smoke Turned Against Them by Officers After Battering Barricade Down.

(Copyright 1935 by The Associated Press)
LANSING Kas June 19 A squad of officers and guards led by Warden Lacey Simpson subdued 350 rioting convicts early today in the inky darkness of the Kansas state prison coal mine and ended a destructive 21 hour mutiny
Soon the first lift load of mutineers sheepish bedraggled came to the surface and marched past a line of heavily armed prison guards and state highway officers to their cell block 60 feet away
In 35 minutes the evacuation of the 730 foot mine level where the riot occurred was complete

Guards Check Damage
Only a half dozen guards remained below to check the damage wrought in the coal range
Termination of the day and night long mutiny was accomplished without injury to either guards or convicts and even the 19 frightened mules kept below to haul coal cars were reported unhurt
We had a Hell of a time breaking down a dose barricade That's what took us so long, said Simpson as he came up to announce the riot was ended
Not only was the mutiny quelled without bloodshed to man or beast but the prison officials announced they had made no concessions to the three demands of the rioters
We did not give them a nickel declared F W Woodward member of the prison board of administration
The more than 300 prisoners had demanded better prepared food The discharge of Dr David F. Parker prison physician, and immunity for their action

Use Their Own Smoke
The prison guards and other officers used smoke from a fire started by the convicts themselves as their chief weapon of attack
Started in the mule barns the fire was fed by hay and timbers in an effort of the rioters to drive armed guards away from the strategic gun cage near the base of the air shaft This would have given them control of the entire subsurface They had food and water which had been smuggled down a little at a time
By reversing the ventilator fans officers turned the heavy clouds of

(Continued on Page Two)

COURTHOUSE TO GET NEW HEATING PLANT

FERA Workers Scheduled To Start Friday, Ten Men To Be Employed

FERA workers will start work Friday on construction of a new heater and fuel room in the court house, it was announced today by Erwin Neaper, FERA works division manager. The total cost of the project, approved at state relief headquarters today has been estimated at $4,910, of which $1,666.27 is to be borne by the county for the purchase of materials
County commissioners appropriated the funds for materials on May 24 The room will be located underneath the esplanade at the north side of the court house. It is probable that if the commissioners are in position to install a new boiler, the old boiler and steel smoke stack, located at the north-east corner of the courthouse, will be dismantled.
Sixty days or more will be required to complete the project, and 10 men will be employed daily five days a week, Mr. Neaper said.

FINAL PLANS MADE TODAY FOR STATE MEETING HERE

Annual Convention of Ohio Commercial Secretaries To Be Held Thursday, Friday and Saturday.

Final arrangements were being completed today for the annual state convention of the Ohio Commercial Secretaries association to be held here Thursday, Friday and Saturday under the auspices of the Marion Chamber of Commerce. Approximately 75 of the 140 secretaries have notified W. D. Brown secretary of the local Chamber and program chairman, they will attend the full three days, while the remaining 65 will be here a part of the time.
Dr Carl W. Sawyer will be the principal speaker at the annual banquet to be held at Hotel Harding at 6:30 o'clock Friday night.

Other Speakers
Other prominent speakers the three-day convention E. Dixon, Ohio Chamber [illegible] N. Van De Vries manager of the north central division of the United States Chamber of Commerce, A. E. Buleu president of the Ohio Fire Prevention association Mayor J. C McMaster of Steubenville, W. C. Culkins of Cincinnati, secretary of the Ohio Valley Improvement association, and D. C. Keller of Cincinnati, president of the Ohio Retail council.
A separate women's program has been arranged by Mrs. Brown for the wives of the visiting secretaries.
The convention open Thursday formal [illegible]

Fight Is Over

(Will Rogers Special)
HOLLYWOOD, Calif., June 19—That's great news about those two South American nations that have been fighting for three years, Bolivia and Paraguay According to the terms of the peace, neither side has to take any land that they were fighting over. Bolivia thought for a while there she was going to have to take it It goes back to the Indians
Hurrah for Judge Landis the old judge made a mighty wise decision especially in not allowing them to exploit this boy just for publicity alone. You young folks might not know it, but in his fellows young days, this same Judge Landis hung a 21 million traffic fine on the Standard Oil Co.

Yours
Will Rogers.

BEAUTY CHARM and HEALTH CAN BE OBTAINED BY ANY WOMAN

Beauty Charm and Health is easily obtained by any woman. This is done by keeping the Gall in a thinned [illegible]. Even a woman with a good complexion can enhance it more by the process of thinning the Gall. A young woman may be a LILY when twenty years old and become an old Cabbage at the age of thirty if Gall trouble should be her ailment. All the face powders, rouges, lip sticks and face creams can not enhance a complexion much. If the skin is not in a healthy condition. We believe that practically all ruined complexions come from some form of Gall Liver or Bile condition. Our statement that we [illegible] to lay for real [illegible] complexion based upon actual facts obtained from users of Z Z Z GALL LIVER and BILE tablets. The market today is flooded with products to overcome HEPATIC DEFICIENCY and GALL trouble. All the effect obtained from these remedies is a so called Bowel Physic—the real action which should be on the Gall is negative. We can positively and absolutely claim that Z Z Z Gall tablets can not be equalled in any part of Ohio for the correction of GALL CONDITIONS. These tablets are reclaiming health to hundreds of sufferers with the multitude of ailments that come from Gall trouble. Sold by Lower Pharmacy.

Wool Market

By The Associated Press

BOSTON June 19—The volume of sales of spot wools in the Boston market was rather moderate thus far this week but a fair amount of business was being transacted through Boston houses on new wools offered in some of the producing sections. Medium fleeces were receiving a fair good demand at prices showing a strengthening tendency. Texas wools were reported quite active in the country and some sales to users were reported at 60@65 cents scoured basis delivered east for eight months and [illegible] cents for 12 months wool.

CAR FORCED FROM ROAD BY TRUCK

An automobile driven by Mrs Olieva Schaefer of 91[illegible] East Church street was badly damaged last night when it went into the ditch near Iberia after being side swiped by a hit and run truck. Mrs Schaefer was uninjured.

The Marion automobile was headed west on state route No 30S when the truck traveling east sideswiped it sending it into the ditch. The truck failed to stop. The car was towed to the Haberman Chevrolet Co.

GRAIN MARKET PRICES SEIZED BY SETBACKS

Uncertainty of Canadian Trading Future Has Bearish Effect

By The Associated Press

CHICAGO June 19—Material setbacks of grain values took place today. Much uncertainty over Canadian government affairs in regard to wheat marketing had a bearish effect. Opening unchanged to [illegible] lower July [illegible] wheat soon declined all around. Corn also started unchanged to [illegible] off July [illegible] and then underwent a general drop.

ALLIANCE MAN WINS LEADERSHIP OF G. A. R.

H F Russell Elected Commander of Ohio Department at Columbus Parley

By The Associated Press

COLUMBUS O June 19—H F Russell of Alliance was elected commander of the Ohio department of the Grand Army [illegible] [illegible] annual encampment [illegible]

[illegible] the parade [illegible] of the Ohio G and A [illegible] Republic.

[illegible] the 55 [illegible] of the [illegible] surviving G A R members in the state planned to [illegible] the [illegible] awaited them when they [illegible]

There were three candidates for the commander's post to be held for one year. They were [illegible] Chapman [illegible] senior vice commander, Francis S Lawton of Marion [illegible] commander and H F Russell of Alliance.

VETERANS TO PICK V. F. W. POST NAME

New Group Will Meet Tonight in Armory To Complete Plans for Sunday

Members of the newly formed Veterans of Foreign Wars post will meet at the Marion armory at [illegible]30 o'clock tonight to select a name for the post, complete the list of officers and prepare final arrangements for the public mustering in ceremonies to be held next Sunday.

The contest among the veterans to name the post will close tonight. The member submitting the successful name will receive a year's dues free. All members and veterans eligible to affiliate with the organization are urged by Commander D J Finley to be present.

A post adjutant will be appointed and a standard bearer and permanent and temporary committees will be named.

Word has been received that the Marysville post will be mustered in with the local post at the installation Sunday. The Kenton post also is expected to be installed at the same time. Charles Sawyer, former lieutenant governor, will be the principal speaker. The ceremonies will get under way at 2 p m following a parade at 1:30 p m in which the V F W drum and bugle corps from Springfield post will take part. The Springfield degree team will have charge of the mustering in.

STATE BOND CLERK PLEADS NOT GUILTY

By The Associated Press

COLUMBUS O June 19—Indicted on a charge of embezzling bond coupons, W Merle Courtner, former bond clerk in the state treasurer's office, pleaded not guilty when arraigned yesterday. Sylvia Daugherty, a friend, indicted on charges of receiving and concealing coupons, entered a similar plea.

DINNER FEATURES SCHOOL REUNION

More than 200 former students, teachers, neighbors and friends of the First Boundary schoolhouse near [illegible]wood met for a basket dinner at the school Sunday noon. Officers for the coming year were elected. Charles Roberts was named president and Mrs Laura Young was chosen secretary-treasurer.

The annual reunion for next year was scheduled for the second Sunday in June.

WYANDOT FARM GIRLS PLAN PARTY

Ice Cream Social To Be Held on Lawn

Special to The Star

WYANDOT June 19—The 4-H club girls held a meeting at the school building Friday afternoon and made plans for a strawberry and ice cream social to be held on the school lawn Wednesday evening.

* * *

The Willing Workers class of the Baptist church was entertained at the home of their class teacher Miss Viola McBride west of Wyandot Friday.

The following officers were elected: president, Jucy [illegible] Bride; vice president, Katherine Graham; second vice president, Frank Alsparn; secretary and treasurer, Dorothy Graham.

* * *

Mrs Emory Parish, living on the Marion and Wyandot county line, was surprised by neighbors and friends who gathered at her home Friday evening to celebrate her birthday anniversary.

LUTHERAN CLASSES WILL HOLD PICNIC

Bible classes of the Emanuel Lutheran church met last night and voted to hold a picnic at Brush Ridge sometime in July for members of the class and their families. The June and July committees will have charge of the entertainment for the outing.

A song service by Gladys Marie Dawson closed the meeting.

UPPER SANDUSKIAN ENTERTAINS FRIENDS

Special to The Star

UPPER SANDUSKY, June 19—Miss Aurelia Miller entertained at bridge Monday night, honoring Miss Helena Vogel whose marriage to Leo T. Jones will be an event of June 25. Miss Elizabeth Finkle and Miss Ruth Stecher of Tiffin won honors at bridge.

Members of the Inner Mission class of the First English Lutheran Sunday school were entertained Monday night at the home of Miss Katherine Schindler, Miss [illegible] assisting.

Marionites Come To Aid of Rain-Drenched Poet

Two Marion businessmen yesterday played the roles of good samaritan to an attractive young bicyclist who is pedaling her way to New York City.

She is Miss Cynthia Lane, Detroit poet whose work has been a daily feature of the Detroit News for some time. She has also been a frequent attraction over the News radio station WWJ.

Cynthia camped at a local hotel last night and headed her bike toward Columbus today where she will visit relatives before starting the long hop to Broadway.

The Marion men were returning from Toledo late yesterday and gave the rain-drenched poetess a lift. She had left Detroit amid a blaze of newspaper applause yesterday morning. She stopped in Toledo long enough to be photographed and interviewed for local papers.

Miss Lane is heeding the call of the open road as a summer lark, she said, and expects to be back in Detroit by the middle of September to start a commercial radio program.

She is a former Columbus girl and was known as Patti K when she was featured on station WAIU there. She has many fan mail friends in Marion, she said.

Since she made the change from Columbus to Detroit more than a year ago, Cynthia has become a protege of Edgar A. Guest, well known Detroit poet.

She carries little baggage on her bike journey and is not overburdened with cash. Cynthia has written thousands of poems, she said, and can dash off a bit of verse on any subject on demand. So if she gets stuck for funds she'll trade verses for food and lodging like the minstrels of old, she said. She is attired in tan riding breeches, matching jacket and a jaunty Robinhood hat.

A picture of the poet and a feature story by Rex White, Detroit News writer, appeared in yesterday's edition of the News.

BIRTHS

A son [illegible] was born Sunday to Mr and Mrs W[illegible] of near Green Camp. Mrs [illegible] was formerly Miss Dorothy [illegible] of Marion.

A son was born Thursday to Mr and Mrs John B Kuntz of [illegible] avenue.

MARION WOMAN TO HEAD CONVENTION

Mrs. C. B. Beerbower Will Preside at State Meeting

Mrs C B Beerbower [illegible] East Center street went to Canton today where she [illegible] president she [illegible] of the Women's Missionary Society of the Ohio Evangelical conference.

The [illegible] open Thursday at 10 a m [illegible] through Sunday with addresses by Bishop [illegible] Umbreit [illegible] of the [illegible] conference, Rev [illegible] who will sail in August for China, and Miss Anna Renninger, missionary to China.

Rev and Mrs William M Davis of Calvary Evangelical church will go to Canton Friday. Rev Davis will return for Sunday services at his church.

In the delegation from the Greenwood Evangelical church will be Rev and Mrs Harry C Deeds and family, Miss Cleva Deeds and Miss Opal Caster who will go Thursday and return Friday, and Mrs Perry Strine, Miss Elizabeth Jeffrey and Miss Edith Hildebrand who as delegates will remain through the Sunday session. Rev Deeds will sing in a conference chorus Friday.

The Oakland Evangelical church will be represented by Mrs H C Murphy and Miss Irma Bickley.

PICNIC HELD BY KING'S DAUGHTERS

The annual picnic of the Whatsoever Circle of King's Daughters was held at the home of Mrs Frank D Closser of 630 Mt Vernon avenue. Thirty five members were present at the meeting which was the last of the season. Miss Alice Crow of Los Angeles, formerly of Marion, was present. She is an honorary member of the circle.

The first meeting in the fall will be held on the second Monday in September at the home of Mrs Bernice Christian of 40[illegible] South Main street.

3 MEMBERS ENROLL IN W C T U GROUP

Three new members were enrolled at the meeting of the Young People's branch of the W C T U held last night at the home of James Thomas of 26[illegible] Orchard street. The new members are Miss Ruth Johnson, Carl Phillians and Arthur Cray. The group planned to send flowers and cards to all sick members.

Next month's meeting will be a picnic July 10 at McKinley park. The committee in charge of the program is composed of Miss Opal Caster, Miss Betty Leads, Miss Jane Thomas and Carl Phillians.

PLEADS NOT GUILTY TO CHECK CHARGE

T B Kelly, 46, of 190 Orchard street was arrested yesterday afternoon on a charge of issuing a questionable check filed by Mrs Mart[illegible] Rice of Martel.

Kelly pleaded not guilty in municipal court today and Judge W R Martin set his hearing for 10 a m Thursday. Bond was fixed at $100. Mrs Rice charges the check was given to her by Kelly on May 10.

The Stars Say--

For Thursday, June 20

A PARTICULARLY lively and enterprising day may be looked for according to the great activities among the major planets. Excitement, high tension and hard work in the launching of new projects may be expected with possible tendencies toward a lavish outlay of funds, personal extravagance or excesses all in the way of developing or promoting ambitious plans. In these women and young people may figure but they call for discretion and a degree of conservatism if success is to be attained.

Those whose birthday it is may be prepared for a year of great enterprise and one of aggressiveness in the promotion of important projects. The tendency will be toward excessive extravagances and expenditures in which women and young folks seem to figure largely. Safeguard employment as diligence and hard work offer the encouragement of suitable recognition as well as great plans.

A child born on this day may be active, energetic, extravagant and popular.

Notable nativity: Helen Gould, philanthropist.

JOHN C BONEN SERVICES

John C Bonen of 865 Windsor street was buried today in Marion cemetery. Funeral services were held at the Bonen home at 2:15 p m and at St Paul's English Lutheran church at 2:30 p m with Rev E H Leaman officiating.

Mr and Mrs [illegible] Strine entertained at their home Sunday in honor of the twentieth wedding anniversary and the twenty [illegible] birthday of their nephew Herman Potter. Dinner was served to Mrs Bertha Holt, Mr and Mrs Owen Holt and daughter Merle Burch, Mr and Mrs [illegible] Burch [illegible], Mr and Mrs Arthur Burch of Mt Gilead, Mr and Mrs Revere [illegible] Cardington, Mr and Mrs Milton Klingel and son Richard of Crestline, Mr and Mrs Carey [illegible] and Herman Potter [illegible], Mr and Mrs Fred Pendleton and children and Mrs Paul Jones and family of Ashley.

* * *

Mr and Mrs Fred Gale entertained at a dinner Sunday evening Mr and Mrs Frank [illegible] of Marion, Mr and Mrs Paul Van Sickle and Mr and Mrs [illegible] Hall. This event honored the birthday anniversary of Mrs Bryant.

Family Reunions

As in past years The Star is anxious to publish accounts of family reunions in Marion and nearby counties. Written accounts of such gatherings should be mailed or brought to The Star office immediately after they are held.

It will be impossible to publish long accounts of reunions due to the large number held each year in this territory. Reunion reports should include the name of the family, time and place of the reunion, list of officers elected and the next meeting place.

* * *

[illegible]

[illegible] annual reunion of the [illegible] families was held [illegible] day near [illegible] with 106 present. Relatives were [illegible] [illegible] Marsfield [illegible] Vienna [illegible] Toledo. After dinner [illegible] officers elected [illegible] president [illegible] of Edison vice president [illegible] secretary [illegible] The reunion will be held next year the third Sunday in June at the same place.

[illegible]

- The - Marry-Go-Round

BY HELEN ROWLAND

THE LOVE-GAMBLE

The confirmed bachelor is a man who has come to the conclusion that a can-opener is as good as a wife in some ways and a lot less bothersome and expensive in others.

* * *

When a man begins taking [illegible] three glamorous springs [illegible] tell him sweetly [illegible] that he doesn't mean a word he says—and beat him to it.

* * *

A girl's difficulty used to be keeping a man in a platonic frame of mind; now it appears to be to wake him out of his lethargy and make him see that Plato was only joking.

* * *

Nothing so hurts a man's pride as to discover that he has at last weakened and is about to give in to a woman who has made up her mind to marry him.

* * *

Why doesn't some enterprising manufacturer advertise lumpy beds, hard pillows, ghastly wall paper and scratchy face towels for week-end guest-rooms—and make a million?

* * *

When a man asks you to marry him the safest and most diplomatic answer is "Yes—and No". Because you can't tell after his third cocktail, which he is really longing to hear.

* * *

This is the heady time of year when a man will bravely venture into the very jaws of the wedding ceremony to see the last of an old pal.

* * *

Getting married is fairly easy; it's getting properly courted in these prosaic times, that is so difficult.

* * *

A cocktail-and-petting party girl is like a beach umbrella—all faded and washed out after a season or so.

* * *

The three greatest enemies to love are jealousy, onions and time. (Copyright, 1935, K F S, Inc)

DRIVER ENTERS TWO PLEAS OF NOT GUILTY

Charges Brought Against Youth After Accidents in City.

Frederick Joseph, 18, of the Marion-Bucyrus road, entered pleas of not guilty in municipal court late yesterday to two charges of reckless driving, [illegible] following accidents in which the automobile he was driving figured. Judge W. R. Martin set his hearings for 3 p. m. July [illegible]. Bond was fixed at $50 on each charge.

Joseph was first arrested by police last Wednesday morning after his automobile had struck Mrs. Everett Wilson, 66, of 636 North Main street, as she was crossing the street opposite her home. Mrs. Wilson is recovering from severe injuries.

The second arrest grew out of a collision at Park boulevard and West Columbia street last Sunday afternoon between the automobile Joseph was driving and another driven [illegible] of [illegible] Chief Machen [illegible] [illegible] failing to stop for a stop street.

ELECTION LAWS ARE IMPROVED

Voting and Ballots Aim of Changes

(George M. Neff ... and editor of ... questionable the ... ersed in Ohio ... an state ... ele ... ll n ... atle ... le to be ... then ... the following changes in the ... ery that will ... n passed by ... sembly.)

(By M. NEFFNER
Associated Press)
... June 19. The ... has enacted ... s to the ... state election laws all of which are of a very constructive character, serving the general public ... the interest of efficiency and economy.

Electors on going to the polling places next November will be handed a ballot having two stubs, one of which will remain on the pad in the hands of the precinct clerk and the other will remain attached to the ballot and be handed to the judge whose duty is to place the ballot in the proper ballot box. Before depositing such ballot the judge will detach the second stub and place it in the proper box.

Bans Chain Voting

The adoption of the second stub eliminates the possibility of so called chain voting that is the casting of a ballot which had been illegally obtained then marked and handed to the voter to be cast by him.

Probably one of the most constructive pieces of legislation relative to elections was the passage of the law which provides for the use of precinct receiving and precinct counting election officials. The adoption of this plan is optional with the board of elections. If adopted six precinct officials will serve as heretofore during the time the ballots are being cast that is from 6 30 a. m until 6 30 p m. When the polls have closed the receiving officials will count the ballots and ascertain as to whether the number of ballots cast corresponds with the number of electors voting. This matter having been properly attended to they will turn the ballots and supplies over to the counting officials who have presented themselves at the time of closing the polls.

To Start Counting

The receiving officials will then depart and the counting officials ... four in number will proceed to count and ... he vote ... The law ... embraces ... that those who do the counting ... the same ... are qualified for their ... and ... officials ... probably ... because ... ed for ... com... The compensation ... he paid ... on ... as a ... of ... the ... ng the da ... 5S.

... the election ... provides for the payment of a filing fee by candidates seeking ... nation by petition. This will result in many thousands of dollars as ... being turned into the ... of counties and ... into state treasury. Heretofore no fee have been collected from the ... als Labor ... Prohibi... other similar groups. The ... be collected from a ... and ... for governor for instance ... be $50 other candidates ... g state office will pay a fee of $2.50 with the exception of lieutenant governor whose fee for candidacy is $10.

Under Precinct Officials.

Another bill providing ... worth as an economy measure was recently enacted by the general assembly. It makes possible the conducting of an election upon special proposals such as bond issues tax levies etc under the supervision of four precinct officials whose compensation does not exceed $5 a day. This would result in a saving of from $25 to $40 a precinct for a special election.

Some special legislation was enacted making it unnecessary to nominate certain municipal judges at a regular primary. Heretofore our laws provided that the judge of the Columbus municipal court could be nominated at the party primary in August. If the law had not been amended as it now is this would have necessitated an expenditure this year in excess of $22 000 to conduct such primary election.

Several other election bills provide for better procedure in connection with special elections on bond issues tax levies etc.

Of particular interest to voters living in registration cities is the amendment which sets aside 28 days just preceding the day of an election as a period during which no registrations or changes in registrations will be permitted. For merly 20 days were set aside but due to the innumerable changes in residence address which were always registered up to the closing day of the registration period the boards of election found it almost impossible to adjust their registration files.

Want More Correction Time

The boards of election throughout the state were unanimous in the opinion that they should be given more time to correct their files. The eight additional days should furnish ample time in which to check and recheck the registration cards.

It is well for the elector who is not registered to remember that there are now 28 days preceding and 10 days following a primary and a general election during which the office of the board of elections is closed to registration.

Three other students who received R. O. T. C. commissions are ... on S. Crowl of Delaware field artillery Walter F. Diesem of Galion infantry and John Schueller of Marysville dental corps.

Your Health

BY DR. R. S. COPELAND

Goiter

Goiter or enlargement of the thyroid gland has afflicted mankind for centuries. But only within recent years has it become known that most cases of goiter can be traced to a deficiency of iodine in the system. Victims of goiter strange as it may seem were given the iodine treatment long before its scientific value was appreciated by the world of medicine.

It was an ancient Chinese custom to give seaweed to sufferers from goiter. Sea water as most of us know is rich in iodine and consequently seaweed contains a large amount of this element.

The thyroid gland is one of the most important glandular structures of the body. It is located in the front of the neck and produces a secretion known as thyroxin. This substance can only be formed when there is sufficient iodine in the blood stream and it is through food and drink that iodine comes into the body. Normally the thyroid gland should contain about 75 milligrams of iodine.

Persons who live in localities where the soil and water are low in iodine content usually suffer from goiter. This explains why so many cases of goiter have been found among the people living in Switzerland and the Great Lakes region in America where the water supply is lacking in iodin.

Today in all sections of the world where there is a low content of this mineral substance in the water goiter is prevented by the administration of iodine or iodine salts. This practice has resulted in a marked decrease in the number of cases in adults and almost complete eradication of the disturbance in children.

There are other forms of thyroid disturbance. Not all are the result of an iodine deficiency. There is one form of trouble caused by an overactivity of the gland and as a rule it does not respond to any medication. This condition is sometime called toxic goiter and it may require operation.

In this disturbance the heart is forced to pump rapidly because food is oxidized at a higher rate. Consequently the sufferer becomes exceedingly nervous high strung and underweight.

A recent medical report announces that removal of the thyroid in certain cases of heart disease leads to marked improvement with relief from distressing and disabling symptoms. Of course this does not mean that removal of the thyroid gland is a cure for heart disease. But in some cases when an enlarged and over active gland is removed there has been less heart trouble.

If you are suffering from a goiter consult with your doctor. Many persons are aware of trouble but they avoid medical advice for fear they will be told that operative measures are needed. They overlook the necessity of accurate diagnosis with the probability that medical treatment is all that may be required.

Answers to Health Queries

Bernice B. Q. How much should a girl aged 14 5 feet 6 inches tall weigh?

A.—She should weigh about 124 pounds. This is about the average weight for one of this age and height as determined by examination of a large number of persons. A few pounds above or below the average is a matter of little or no significance.

THE MARION STAR
A BRUSH-MOORE NEWSPAPER

THE HARDING PUBLISHING CO.
Owner and publisher of The Marion Star and Transcript. Tribune consolidated Nov. 1, 1922, under the name of The Marion Star.

Founded 1877. Reestablished 1884. Entered at the Postoffice in Marion, Ohio, as second class matter.

Issued Every Afternoon Except Sunday. Marion Star Building, 115 43 N. State St.

The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper and also the local news published herein.

SUBSCRIPTION RATES
By carrier per week 15 cents. By mail to Postoffice address in Marion, Crawford, Delaware, Morrow, Hardin, Wyandot and Union counties $4.00 per year, $2.25 six months, $1.25 three months, 45 cents per month. Always in advance. Otherwise on application.

Persons desiring The STAR delivered to their homes may secure it by postal card order or by ordering through telephone 2214. Report of complaint of irregular service is requested.

STAR TELEPHONE
Call 2214 and ask The Star exchange operator for the department you want.

WEDNESDAY — JUNE 19, 1935

Star subscribers will greatly facilitate good delivery service by making all complaints to the office, not to the carriers. Phone 2214.

Squawk

Ewing Y. Mitchell, deprived of his government job as assistant secretary of commerce, threatens to stay in Washington until he has cleaned up the town. Mr. Mitchell's anger over his removal from a job he refused to relinquish quietly has settled in his tongue.

The charges he will raise and the stories he will tell while he is cooling off will get attention, but perhaps not so much sympathetic attention as Mr. Mitchell anticipates. Unfortunately for him in his role as an exposer he resembles chiefly a disgruntled politician.

Furthermore, the things he has to say are too well known to be startling. It is common knowledge in Washington and no longer unbelievable information outside Washington that a disorderly state of affairs exists within the government.

President Roosevelt, who has depended heavily on team work for the success of his administration, is not getting cooperation. Officials are jealous of each other. The knife in the back is more common than the pat on the shoulder. Rugged individualism apparently flourished in Washington in direct ratio to efforts to outlaw it.

Mr. Mitchell's resignation, because his aptitudes were not along the necessary executive lines, was sought last September. He protested against resigning, saying he had uncovered serious derelictions in the administration of several bureaus in the department of commerce. Apparently his superior, Secretary of Commerce Roper, was not impressed with the evidence. Secretary Roper knew Mr. Mitchell would squawk when he was ousted. It's an old story in government. Ousted jobholders nearly always think they can square themselves by telling everything they know. Only rarely do they succeed.

No Fox

The blowup of the Illinois senate's investigation of communistic influences and other dreadful perils of modernity at the University of Chicago suggests the plight of the society huntsmen who mount their steeds and ride off—Tally Ho—after the sly fox.

Experience and common sense have proved it is necessary to get the fox before he can be hunted. Therefore the master of the hunt or some lesser dignitary sees to it that a fox is planted somewhere in the neighborhood of the hunt. The hounds are led to the beginning of his trail, the fox is tracked down and the doughty hunters go home happy. They have had a good time, the neighborhood has been freed of a pest and the fittest have survived.

The benefactors who go a-hunting Reds aren't so foresighted. They hear something about one being at large. They leap to their mounts and ride off blindly. The Illinois senate's failure to turn up any sly foxes in the university isn't the first disappointment of its kind, nor will it be the last. It's safe to predict that because Red-hunting in the United States never varies much. A rumor is enough to start it.

For the sake of proving there really is something behind the rumors—many Americans believe there is—the victim should be planted before the investigations start. He should be hauled from his den, held up to scorn and then deported or something. It would make Red-hunting one of the major sports instead of the outstanding national nonsense.

Mr. Richberg Tried

Donald R. Richberg intended to leave NRA no matter what happened to it. His departure has been brightened by the fact that the things he hoped to accomplish now have been abandoned.

Carelessness on the people's part in honoring public officials who try to give good service is partially responsible for the frequently lamented fact that few really capable men seek public jobs. Mr. Richberg has suffered from this tendency.

He took over the administration of the recovery act after Gen. Johnson had made a failure of it. That was not the general's personal fault entirely, but undeniably it was Mr. Richberg's personal hard luck. The job he undertook had a taint on it.

He worked hard to straighten out the complex problems that had piled up in the blue eagle's nest. He realized the necessity of restricting the scope of NRA activities. He understood the necessity of administrative reform.

He tried to discharge his obligations to capital and labor with judicial impartiality and earned labor's curse for the effort. At the same time he was prevented from winning capital's ... the decline of NRA's prestige ... a new would be a tough job ... the form ...

It was the ... source of speculation as to what ... happened to NRA under a new ... administrator at the beginning ... what he was expected to ... excellent.

He made a ... the methods he chose seem to have ... the terms of the ending. Mr. Richberg did his best to stem the tide and he ... gratitude for trying ... he will not be ...

The Standby.

The new blue eagle carries an olive branch where the old one brandished a clawful of lightning. It was crax where its predecessor threatened.

Office plans for the skeletonized NPA may be summarized by saying they seek to use cooperation on an educational basis. Compulsion has been ruled out, but President Roosevelt hopes to get comparable results through voluntary cooperation.

That is the standby of democracy—enlightenment through education. It was the lever which was to make democracy practical in the vision of the founding fathers. It has been the cherished dream of all the men and women who have worked to establish free public schools. All politicians honor the ideal, if only in the breach.

Almost no one would question the theory that people will find the right way if they are given light has been embodied in the American blueprint. It is woven into the texture of the nation so intricately as to be inseparable from the whole fabric.

Two years of experience with a plan of business unification and central planning which employed a buyers' boycott at the outset to make it effective have proved once more the folly of forcing an action against the public will. At the same time the experience has proved to President Roosevelt, for one, the desirability of the action. Perhaps by education his administration will be able to do what it failed to do by compulsion. If it were not for Mr. Roosevelt's apparent oversight in failing to acknowledge that the United States learned a great deal about business regimentation while it was living under the original blue eagle, his confidence in education would be easy to commend. As so often happens, the President seems convinced that education is no good unless the pupil learns to think the teacher's way.

It Just Grew.

Politicians snatch up catchy phrases as avidly as angry wives snatch up insults in domestic quarrels and for the same reason—to put the opposition at a disadvantage.

"Grass roots" has been taken over enthusiastically by midwestern Republicans because it denotes broadly what they believe is going to be the basis of a powerful political appeal in 1936. In its time it may become as common as "the forgotten man" was in the 1932 campaign.

Some slight trouble is being experienced in explaining what it means. But the country had trouble also understanding exactly who the forgotten man was. A little vagueness in political phrases is likely to be a good thing. It helps make them elastic.

Naturally analytical minds are busy trying to chase "grass roots" back to its origin, hoping to find its real meaning. They are having a long journey. One investigator has found the phrase in a speech made by James A. Reed after Mr. Roosevelt's nomination, but he doesn't claim it originated in the mind of the former Missouri senator.

Nevertheless Mr. Reed's use of the phrase shows what Republicans are finding in it to make it seem valuable. Mr. Reed pointed out that the federal government could not restore prosperity. It will come, he predicted, from the grass roots. That seems to be the idea exactly as midwestern Republicans view it. Their party's reconstruction will start with the grass roots—the farmers and merchants of the farm belt.

It's a good guess that the probers, when they have searched all the way back to the grass roots in their attempt to discover where the phrase came from, will be ready to admit it probably just grew, like a thousand other homely expressions that need explanation only when repeated away from home.

Although June is staging a notable comeback as the month of brides, reports from Reno and elsewhere indicate that no one month revival can compete with the year round output of ex-brides.

Medical experts predict perfection of a diet that will give men greater stature, keener minds and longer lives. We thought all that was provided for by the products we've heard the radio announcers telling about.

Another preacher let a snake bite him but failed to make the first page. The dauntless parson should remember that man bites dog is news.

Graduates used to go out to make their mark in the world. Now they're asking the privilege of repairing the damage done by the fellows who made a mark of it.

Another unexplainable feature in breach of promise suits is that the woman demands a hundred thousand dollars or more as a substitute for a man she knows would make a good for nothing husband.

O. O. McIntyre
New York Day by Day

NEW YORK, June 19.—America's ... Thomas Craven is ... Mississippi river from St. Louis to New Orleans by barge. This is his method of finding a cure to write a book on American art. He is the first writer to make art a best selling subject.

His ... "Modern Art" and "Men of Art" are in the big six division. It is due largely to Craven's influence that American art has been made popular for Americans. For years he has been fighting the French influence and crying for American painters to be American and paint American subjects.

There is no doubt he nurtured much of the popularity for Grant Wood, Thomas Benton, Reginald Marsh, John Stuart Curry, etc. Craven knew Tom Benton. Is a Kansan. Benton has just deserted New York for Kansas to live and paint and where he will have as great an influence as Grant Wood in his native Iowa.

Craven went through the usual training of an American artist. He went from Paris to Florence and back to Paris again, becoming almost as French as the French. Then he came to New York to ape the French, grew disgusted and turned to art criticism to make painters be themselves.

* * *

The two Vanderbilt boys—sons of Alfred Gwynne—are doing much to give the waning popularity of sons of the rich a leg up. Both are modest, mild mannered and retiring, yet full of healthful zest for life. Alfred at 22 has become the most important turfmen of his day. He has 56 horses in training and has this season gathered $47,000 in victories. The younger George is a naturalist, has made several safaris into the African jungle and was stricken several times with dangerous fevers. The devotion between them and their mother, the former Margaret Emerson, is marked. She has indulged them as few mothers have, but has had implicit faith in their level headedness and has not been disappointed.

* * *

England deprives America of her two foremost mimics the same week. Both Shiela Barrett and Eddie Garr sailed for old world engagements. Each has a routine that brought the top night club salaries. Miss Barrett's most ingenious impersonation is of Zasu Pitts and Garr's of Ed Wynn. My own choice of the superlative in mimicry is by Pert Kelton, too long missing from the New York stage, of Charlie Chaplin. Before one's eyes she slowly metamorphoses into a startling likeness of the comedian.

* * *

Park avenue interlude: A young man on a constitutional saunter passes the austere Union League club. Suddenly at his feet falls a cigar butt tossed from a window. He picked it up, lighted a cigaret he withdrew from his pocket, flipped the butt back from whence it came and continued his stroll.

Probably the greatest unrehearsed heart throb ever broadcast was during one of Major Bowes's Sunday hours some months ago. The Major remarked that one of the greatest showmen of the country had just stepped into the studio and although he had not secured his permission, he was going to ask him to the microphone. The late Charles Dillingham responded and told of a vibrant young girl coming to him one time about a stage career. She had been in a high school play in native Illinois. Dillingham said she became one of the greatest dramatic actresses and wound up: "That girl was the fine artist you all know as Margaret Illington." There was a great lapse—perhaps 30 seconds, enormous in broadcasting. Finally an announcer calmly said: "The next number will be so and so." But every listener knew that Major Bowes, hearing the unexpected tribute to his wife, had been completely overcome.

* * *

Anna Steese Richardson, first of Park Row's so-called sob sisters, is at 70 one of the most active figures in the literary parade. Last season she authored a fairly successful play on Broadway, along with keeping up many magazine assignments. This year she has visited the large cities of every state gathering data, making speeches and turning out articles. Mrs. Richardson was a widow with two children when she launched her career.

This paragraph is a figurative hat doffing for the writing art of H. L. Mencken. When he veers off on his Bible Belt thesis he's a bore, but when he lashes out for the parlor radicals he's immense. He stands alone among American writers in sheer ability to make words sting. His invective is comparable to Savonarola.—(Copyright, 1935, McNaught Syndicate.)

Glancing Backward

TEN YEARS AGO

It was Friday, June 19, 1925.

The ninety third annual grand lodge meeting of the Odd Fellows came to a close here with installation of officers headed by George M. Messner of New Vienna as grand master.

Leonard Hoffman, 18, of Caledonia was killed and eight other persons injured in two accidents on the new roller coaster at Crystal Lake park.

Norway was celebrating news of the safe return of Capt. Raold Amundsen, who had been missing for days in the region of the North Pole.

A report of the Ohio State Association of Builders Exchanges showed that during April Marion began construction of 131 buildings at an estimated cost of $177,040 and in May 81 buildings at an estimated cost of $410... In the first five months of the year buildings started were valued at $299,1...

TWENTY YEARS AGO

It was Saturday, June 19, 1915.

Russian army defending Lemberg, capital of Galicia, was making its last stand on the Grodek line. The Pandero's German and Austrian howitzers were being rushed to the front for bombardment of the fort defending Lemberg.

James Foyle, a member of the late tax commission, visiting the office of County Tax Commissioner French Crow, said the general increase in tax returns of Marion county was among the best in the state. He complimented Commissioner Crow highly on the work accomplished here.

The committee in charge of arrangements for erecting the new Greenwood Evangelical church received three bids for the contract.

The foundry office and north side teams were winners in weekly games in the Steam Shovel baseball league. The office team was leading with two games won and none lost.

The Marion team in the Ohio Baseball league was defeated at Lincoln park by the Briar Hill team, 15 to ... F... and Robeson were the Marion pitchers.

Behind The News In
Washington And Wall Street

BY PAUL MALLON

WASHINGTON, June 19.—The important thing behind President Roosevelt's current reorganization of NRA is not the superficial dismantling proposed but the men he has chosen to do it.

Those who will conduct the autopsy and rattle the skeleton of the blue eagle are distinctly more conservative than any group which had anything to do with the bird when it lived. They are not exactly reactionaries, but neither are they Richbergs or Johnsons.

It is apparent to all NRA insiders that anything to be worked out of the existing situation in the way of future business cooperative action will be more moderately conceived than the last attempt.

You can see that by calling the roll of the coroners on the dismantling board. Of course every one knows that Chairman O'Neill is a New York banker. He is rated in NRA as a good man, level headed. He has been in charge of personnel and will decide who is to be fired. You know what that means.

His chief aid is Prentis Coonley, a Connecticut manufacturer and said to be of a Republican family. Leon Marshall, in charge of the review division, was a signer of the famous Brookings report which took the NRA apart in detail. Also he spoke caustically about NRA before the United States Chamber of Commerce. Maj. George Berry, labor representative, is a right wing laborite, not to be compared with Sidney Hillman or John Lewis.

These are the men who will run whatever show there is and you may be sure they will hew to the letter of the supreme court law.

Window Dressing

The supplemental advisory committee is recognized by ... as mere liberal window dressing. All on it have other more important interests which undoubtedly will keep them from doing much advising. There are three strong liberals (Messrs. Phil Murray, Walton Hamilton and William Green) plus Charles Edison, Mrs. Emily Newell Blair and Howell Cheney, silk manufacturer.

The real significance of President Roosevelt's selections is more apparent if you consider those whom he did not select. Foremost among those is Leon Henderson, whose friends thought he was going to get the review ... What amounted to a campaign in his behalf had been conducted on the inside for a week or more.

Obviously Mr. Roosevelt wanted his NRA post mortem handled by those representing less left wingish economic views than Mr. Henderson adequately represents.

Heat

A peculiar undertone has developed in congress recently. No one seems to care very much about anything. All are anxious to get home. Their children are out of school. It's vacation time. The weather has lately turned hot and uncomfortable.

As a result deep questions of legislation are not getting as much attention as they usually do. For instance, few seem to be excited about the constitutionality of the Wagner-Connery labor board bill, the Guffey Snyder bill. The main idea seems to be to get the remaining legislative job done as quickly as possible and get out of town.

This is encouraging for the remainder of the White House legislative program. The President is being required to work for each item of legislation, but ... he will get just about everything he wants ... bill, social security, AAA amendments, Guffey, Wagner-Connery.

Coal Blow

It will never be shown ... a confidential report on the Guffey coal bill was prepared a few days ago by an NRA ... who held it to be unconstitutional.

The report warned ... against the advisability of permitting the ... board to fix prices ... the board would be dominated by the coal industry and ... consumers were not adequately represented. And finally it ... that the proposed power to fix minimum prices was bad; that maximum prices should be fixed, if any.

It is understood the report was prepared at the request of a former administration authority, but apparently it gave the wrong answer.

(Copyright 1935, by Paul Mallon)

BY JAMES McMULLIN

NEW YORK, June 19—Postponement of the coal strike at President Roosevelt's request confirms our statement that the Guffey bill is the only real issue from the union viewpoint. Hour and wage demands are secondary. John L. Lewis is perfectly willing to play along with the administration as long as he is convinced it helps the Guffey bill's cause. It's worth noting that the threat of a strike is more likely to spur congress to favorable action than an actual walkout. You can't fire the same shell twice—and once fired it might turn out a dud.

The operators for their part have no reason to force a crisis when they are not asked to yield to impossible hours and wages—and many of them also want the Guffey bill.

The atmosphere in the industry last week—when everyone thought a strike was coming—was unprecedented in its mutual good will. Miners have always before been surly before a walkout and production efficiency has declined to almost zero. This time there were no signs of ill feeling and the workers—knowing that every pound of coal they dug would help defeat the strike—nevertheless met stepped up production schedules willingly and with maximum efficiency. The operators announcement that they wouldn't fight the strike had a bearing on that. It was as if each side was saying to the other: "We know this isn't your fault so what's the sense in getting mad about it."

Test

The United Mine Workers have a ticklish problem ahead of them in Alabama. When the coal code was adopted operators in that territory produced figures to prove they couldn't possibly survive if they paid code wages—even with the differential allowed the South. At that time their men were hardly unionized at all. To get his foot in the door John Lewis agreed to raise no objection to their payment of wages at about half the code scale in exchange for recognition of his union and installation of the check-off system (whereby union dues are subtracted from pay envelopes by employer and paid directly to the union treasury).

The miners unionized by this arrangement—all colored—made no protest at the wage discrimination. They were satisfied to be a little better off than before.

But when the Alabama operators tried to get exemption from the ... he call by offering to ... present wages, Lewis ... them down. His policy toward these new members of ... and their response to union ... is due for an important ... the period of a strike develops later.

Bluff

I see Jones is playing a new ... game of poker with a group of New York banks headed by J. P. Morgan ... the banks ... New York Central ... $3,000,000 of demand debt to them into five ... year notes. He claims this is necessary ... the road complicated debt ... otherwise the demand ... constant source ... He has ... carried the loan ... depression and have ... of foreclosing now ... with the ... against ... would be ... the ... explanation ... five ... year ... would prevent it ... Of course ... find Central ...

The ... has ... public ... Mr. Jones is liked because this is one of the few cases where the banks have a preferred position as against the R. F. C. Their debt ranks ahead of his and they hold collateral worth almost twice the loan. Also he doesn't like the fact that the R. F. C.'s original short term advances to Central are growing longer and longer as renewed. The banks for their part haven't the faintest notion of giving up their advantage.

New York has heard dire threats that the R. F. C. loan of $11,100,000 to New York Central which matures June 30 will not be renewed except at much stiffer terms unless the bankers come to time before then. Insiders regard them as a bluff. They can't see Mr. Jones taking any action which might push such an important (psychologically) railroad closer to the cliff.

Risks

Wall Street is watching the duel between the Ontario government and Toronto investment bankers with rapt attention. The bankers can deny it till their faces are blue but no one here doubts that their refusal to enter a single bid for a $15,000,000 bond issue by the province traces to Premier Hepburn's cancellation of contracts between Quebec power companies and the publicly owned Ontario Hydro-electric Power commission.

This was supposed to be an object lesson to public officials who meddle with private enterprise — but there's no assurance it will work out that way. Ontario won't have much trouble raising the funds it wants through other channels and the provincial authorities can use their taxing power to take the bankers for a pretty rough ride if they choose.

New York conservatives privately applaud the temerity of their Canadian confreres in bearding the government lions. But there's no chance that such boldness will prove contagious. The pastime carries too many risks for local tastes.

Calmer

The Prince of Wales' plan to have a group of British war veterans make a goodwill visit to Germany spread consternation in the ranks of New York anti-Nazis. They fear the prince's willingness to recognize the Hitler regime will hurt their international boycott movement.

Some of the leaders are racking their brains for an effective counter ... Others feel it would be far wiser to ignore the incident completely—and it's probable that this calmer counsel will prevail.

Mirrors

Unlike most industries the new deal has sought to regulate the soft coal industry can't pin anything on the brain trust. Not only have they been consulted about the Guffey bill all along the line—they actually drafted most of it themselves. So if they want to throw cabbages at the authors they'll have to use mirrors.

Nil

A New York observer who recently returned from Washington on extension ... putting a skeleton on characterizes the nine month NRA ... in the hope that it will be reborn ... He adds that someone really ought to tell the President that the ... among skeletons is practically nil.

CLOSE VOTE LIKELY ON SECURITY CHANGE

Measure Expected To Be Passed by Senate Before Nightfall

By The Associated Press

WASHINGTON June 19 — A close vote on the Clark amendment to exempt private pension plans from the Roosevelt social security program was predicted today by senate leaders as they pushed toward a final vote on the bill.

With a strict limitation on debate administration leaders were confident that the measure would be approved overwhelmingly before nightfall.

They conceded however that the lineup on the amendment by Sen Clark Democrat of Missouri was close. Under it companies with private pension plans which offered benefits to workers equal to the government's plan would be exempt from the 6 per cent payroll tax the government would levy against employers and employes.

REFORMED MINISTERS ATTENDING MEETING

Four from County Present at Tiffin Conference

Four ministers from Marion county are attending the thirteenth annual meeting of the Ohio synod of the Reformed church in Tiffin today.

Rev John Heistand pastor of the First Reformed church is representing Marion. Other county ministers attending the meeting are Rev H A Blum of Waldo, Rev E A Gradwohl of Prospect and Rev E L Klingel of Marion.

The attention of the ministers is being concentrated on reports from Heidelberg college and the Central Theological seminary of Dayton.

FIRST STAG PARTY PLANNED BY CLUB

Golf and Luncheon Feature Social for Men.

Men of the Marion Country club expect to keep next Wednesday June 26 free in order to attend the first stag party to be given this season at the club.

An extensive program of golf course and clubhouse activities has been arranged for the day. A dinner at 6 o'clock will climax the day's program. In addition to a number of special prizes golf awards will be given for the low gross score low and high foursomes for the most birdies par fives sixes and sevens carded and for four blind bogey events. It is expected that a large group of members and their guests will attend the event.

CHARGE IS FILED AGAINST OFFICER

Vernon Baker of Marion Erie railroad detective was arrested last night on a charge of assault and battery filed by H T Hogan of Sharple's court Erie baggage man.

The assault is alleged to have been committed on West Center street Monday night. Baker was released on his own recognizance to appear in municipal court for arraignment this afternoon.

CITY BRIEFS

Condition Critical—The condition of Mrs Earl Lehner of 370 South Prospect street who is suffering from blood poisoning was described as critical this morning. She is at the Frederick C Smith clinic. The infection is believed to have started from some injury suffered while the family was moving from 1505 North Main street to 370 South Prospect street three weeks ago.

Undergoes Operation—Mrs Bert Landon of 149 North Grand avenue underwent an operation for a fractured knee cap at the Frederick C Smith clinic this morning. She was injured in a fall at her home.

Receives Treatment—Mrs Maymie Fox of Jefferson street is in the Frederick C Smith clinic for medical treatment.

Suffers Fractured Leg — Mrs Mary Putnam of 111 Latourette street received treatment for a fractured leg at the Frederick C Smith clinic this morning. She received the injury in a fall at her home.

Admitted to Hospital—Mrs H D Sherrer of 209 East Farming street is in City hospital undergoing medical treatment.

Picnic Is Changed — The Loyal Workers class of the First United Brethren church will hold its Thursday picnic at the Community house at 2 30 p m instead of out of doors as was originally planned.

Auto Is Found—An automobile stolen here June 6 from Johnson Curl of 704 East Church street has been recovered in Columbus. Marion police were notified today. The car was found abandoned and apparently was not damaged Chief Mackan said.

Picnic Postponed—The R F A G class picnic of the Epworth Methodist Episcopal church scheduled for Tuesday has been postponed until next Tuesday. It will be held at the home of Mrs. Selma Yocum of 399 Pearl street.

Undergoes Operation—Mrs Ruth Lares of Church street who left last week to attend the wedding of her brother Douglas Rogers on Saturday in Geneva N Y underwent a major abdominal operation yesterday at Central hospital in Geneva according to word received here by friends. She expects to be able to return to Marion in about four weeks. Her daughter Jacqueline will spend the summer in the east.

Mother Ill—Mr and Mrs Earl Hacker of 138 Garden street have been called to Ironton by the critical illness of Mr Hacker's mother.

Installation Set—Tuesday July 2 was set as the date for installation of officers of Ponald Council No 468 Junior Order U A M at a short business session last night in the I O O F hall.

Election Set—Plans for election of officers next Tuesday night were announced at a meeting of Canby Lodge Knights of Pythias last night.

Apartment Entered—Paul Burchette of 321 South Prospect street reported to police that his apartment was entered some time between Sunday morning and Tuesday noon and $11 50 in cash taken.

ROBERT CRISWELL DIES IN MARYSVILLE

Special to The Star

MARYSVILLE June 19—Robert Criswell 1 inmate of the Union county home died Monday afternoon following an illness of one year. Mr Criswell was a Union county farmer for many years.

One brother Charles C Criswell of Pennsylvania survives. Funeral services will be this afternoon at 2 o'clock at the Winter & Son chapel and burial in East York cemetery.

CATTLE INDEMNITY TO FARMERS BOOSTED

U S To Pay $25 for Stock Condemned as Result of Disease

Marion county and Ohio farmers whose cattle are destroyed because of disease will benefit under a new rule established by the federal government. The Associated Press reported today.

The maximum indemnity for grade cattle destroyed because of Bangs disease and tuberculosis has been increased from $20 to $25 effective June 19. Dr A J DeFossett head of the federal cattle inspection forces in the state announced.

While there is very little tuberculosis in Marion county cattle there is considerable Bangs disease. Dr J T Gruber milk and food inspector here said. The last test for tuberculosis conducted two years ago revealed less than one half of one per cent tuberculosis. The test is conducted every three years.

Bangs disease tests are conducted by state inspectors when requested by the farmers. There have been numerous tests in this county and a considerable amount of cattle has been condemned. If any part of the cattle is salvaged for use after the slaughter the farmer receives the amount of the salvage in addition to the indemnity Dr Gruber explained.

The milk and food inspector stressed the need for more frequent tests for Bangs disease and urged farmers to take advantage of the opportunity to clear their stock of diseased cattle and receive the fair amount the government is paying for destroyed stock.

COAST GUARDS TAKE FISHERMEN ASHORE

By The Associated Press

LAKESIDE June 19 — Coast guards under Captain Ray Morton of the Marblehead station rescued four Cleveland men yesterday after the Clevelanders had been marooned at the end of the Cedar Point jetty by high waves for nearly 24 hours. The four had gone to the jetty to fish.

CIRCLEVILLE MAN GETS STATE POST

By The Associated Press

COLUMBUS O June 19 Gov Davey announced the appointment today of Walter J Marion of Circleville as chief of plant industry in the state department of agriculture. He succeeds W W Ellenwood of Jackson county who yesterday became manager of the Ohio state fair.

YOUTHS RELEASED AT UPPER SANDUSKY

Boy Accused by Girl Caught—Then Freed

Special to The Star

UPPER SANDUSKY June 19—The young men traveling with a magazine soliciting outfit who were charged by Miss Marie Cornell of Columbus of pushing her out of an automobile east of here early Sunday night were located in Kenton and Lima and brought to this city Tuesday by Sheriff Harry Weatherholtz. After being questioned by the sheriff and Prosecutor H L Mason they were released. They claimed the girl wanted to go to Columbus and as they were not going there she insisted on getting out but that they did not shove her out of the car. Miss Cornell did not file charges against the group before she left for her home Monday afternoon.

MARION GIRL GUEST AT UPPER SANDUSKY

CRESTLINE TEACHERS ATTENDING COLLEGE

School Superintendent and His Wife Among Group at Ohio State.

Special to The Star

CRESTLINE ... A number of teachers are attending college this summer. Supt and Mrs K B Smith and ... went to Columbus this week where Mr Smith will study toward his doctor's degree at Ohio State. Mrs Smith will take private vocal lessons from Prof Elvis F Snider and work with the summer chapel choir at Capital university. Their two children will be enrolled in the Ohio State demonstration school.

Milton DeWalt returned to O S U to work on his thesis for his master's degree.

Mr and Mrs F F Helfefinger and Mr and Mrs Frank Moke and son Gordon will also study at Ohio State this summer.

Others who will study there are Misses Mary Agnes Keller, Mary Louise Stephan and Miriam Bu... Miss Grace Peppard and Miss Margaret Veltter will continue work at Ashland college.

Misses Elinah Smith, Minerva Morton and Ruth Kaler are enrolled for summer work at Bowling Green university.

Maurice C Davis musical instructor in the Shelby schools and director of the Crestline High school band is taking advance work this summer at Capital university.

ODELL ORGANIZING SUGAR BEET HANDS

Says 600 Workers Have Signed Up as Union Members in Ohio

Special to The Star

KENTON June 19 Although Okey Odell president of the McGuffey Agricultural Workers union has expanded his activities to organizing sugar beet workers in northwestern Ohio he will continue to live in McGuffey he said today.

Some 500 workers already have been signed as result of his work among the sugar beet growers he announced following a meeting in Findlay Tuesday night. The laborer seeks $11 an acre flat charge for tending the crop and at present wage scales he receives about $12 Odell said.

Odell who foresees a recurrence of labor trouble in the Scioto marsh district said that union weeders were receiving from 12½ cents to 17½ cents an hour. The strike last summer resulting in destruction of many acres of onions and materially damaging other crops was in demand of 35 cents an hour eight hours a day with time and one half for overtime.

Growers however claim there is no dissatisfaction with the wages quoted by them as 15 to 2? cents an hour under the new set up.

DAVEY CUTS $30,000 FROM CLAIMS BILL

By The Associated Press

COLUMBUS O June 19 Gov Davey cut approximately $30,000 from the sundry claims appropriations bill today on the ground that some of the items had not been properly examined some constituted a bad precedent and others because there appeared to be no good reason for them.

In slashing the claims the executive reduced the total amount from $408,0... to $370,6?4.70.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk don't swallow a lot of salts mineral water oil laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful harmless gentle vegetable extracts amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. © 1931 C M Co.

OHIO UNITS ORDERED TO REDUCE BUDGETS

Davey Tells Department Leaders It's No Use To Ask for Any More

By The Associated Press

COLUMBUS O June 19 Gov Davey ordered today immediate revision of state departmental budgets within the limit of the appropriations he has reduced by $4,500,000.

Please do not ask for any emergency appropriation he said in the order sent to all departmental heads bureau chiefs chairmen of commissions and presidents of state universities. I am now giving fair warning that all the power of the governor's office will be used against additional sums.

He instructed that after budgets have been revised the department should ask the board of control to transfer funds from one item to another so that the departments may function properly.

He urged that the revised budgets provide for every necessary item in full for the two year period.

MERCHANTS MOVE TO ENFORCE LAW

By The Associated Press

COLUMBUS O June 19 The Ohio council of retail merchants has voted to appoint a committee to aid enforcement of the state sales tax.

The action was taken yesterday despite the declaration of Mayor Henry Worley that in Columbus so far as the sales tax is concerned the tax payer is being cheated. The mayor said I will not send a policeman out to arrest a citizen for not collecting a sales tax because the city only gets $400,000 out of more than $2,000,000 taken from it.

Rain Wrecks City League Softball Schedule for Week

Unless more rain falls this afternoon twilight softball games will be played Elmer Shaw secretary of the city softball commission announced. Playing fields with the exception of Garfield park have dried off quite well it was reported.

Tonight's battle between the Silk Mill and Lascer teams under the lights at Lincoln park will be played unless rain comes late this afternoon it was announced. A large crowd is expected for the Casco-Walters encounter.

• • •

Rainfall completely wrecked yesterday's schedule of the No 1 Sunday School softball league and appeared well on the way to putting a stop to today's program of postponed games.

Headlined by the night classic between Casco and Silk Mill teams at Lincoln park today's round of postponed games in the Industrial league was expected to attract large crowds to all city park diamonds. Heavy rainfall last night and early this morning has soaked playing fields to such an extent that games will be impossible.

Just how much play can be arranged from Thursday and Friday schedules will depend on the way city park diamonds dry off tomorrow and early Friday. Casco and Walters & Disbennett teams are scheduled to meet at President field tomorrow in the feature game of the afternoon's round.

The twilight encounter between Erie Traffic and the K of P team at Steam Shovel field and the Elks Westinghouse Cubs night games at Lincoln park are being kept in the Friday program. Only two contests of the 20 game schedule have been played this week.

• • •

Players To File Choice for Little World Series

Players competing in all city league ... filed by Elmer Shaw ... Fall Commission ... team ... World Series ... teams with ... players should win the ... on big in their respective leagues.

The choice ... to be in writing and filed with the secretary of the commission according to rules governing city softball competition the choice is to be filed before the first game of the second round of play.

As the 1935 schedule is one week in advance of the usual schedule and so large a number of first round games have been postponed the deadline for filing of choice has been moved back to July 1 the approximate date of closing the first round. If the team chosen by a player fails to win in his league the player may then play with the other club of which he has been a member if that team should win the championship in its league the rules state.

CORNELL CREW LOSES BY SCANT 10 FEET IN SPLIT-SECOND FINISH

Crowd Along Shore Believed Big Red Had Won, Officials Debate Victor

By The Associated Press

POUGHKEEPSIE N Y June 19 ... Hudson today ... the ... duel as the ... California ... over Cornell ... climax of ... Poughkeepsie regatta.

... the brand drizzle rains and chilling northeast wind was well dried out but still lingered from neither the cold nor the wet.

It shivered again. It will shiver many another time in memory of those two great eights battling down the river on the breast of a rolling tide hammering across the finish line in the purple murk of the evening so close that only the officials far out in the river after many minutes of debate were able to give them their places.

Cornell Underdog

As great as was the victory for California's Golden Bears climaxing the first all Western sweep in the history of the regatta just so heavy was the disappointment and chagrin of the burly boys from far above Cayuga's waters.

While California's mighty machine stroked by young Gene Berkenkamp had been the pre race favorite riding a steadily mounting tradition of conquering oarsmanship that goes back through victory in the last two Olympic games Cornell was something of an underdog.

There was nothing in the two preliminary races held under fair water condition but in weather so nasty that it robbed all the usual color from a crowd of scarcely 20 000 to indicate that the East had any chance to stop the Western invasion that gets stronger and stronger each year.

The huskies of Washington for the second successive year made a show of the five crew freshman field walloping California by a length and a half with Navy third by another length. They distanced Columbia and Syracuse fourth and fifth respectively winning in 10 minutes 29 seconds.

River Quiet

It was even more pronounced in the four crew junior varsity dash through three miles where the same Washington crew that won as freshmen in 1934 trounced Navy by three lengths with Cornell and Syracuse in that order several more lengths behind. The Huskies time was 11 58 4 5.

The river was as flat as a lake the tide flowing strong down stream the haze of a stormy twilight thick as a fog when the battered East mustered the last of its forces in the bend of the Krum Elbow for the torturing haul past the Roosevelt home at Hyde Park under the railroad bridge at the three mile mark to the finish across from town.

For three miles it was anybody's contest with Syracuse battling with California and the great Washington eight. Cornell always was close. Navy wasn't to be shaken off.

Only the light swift sprint crew of Pennsylvania and the smooth but punchless eight of Columbia failed to threaten.

The final burst in the finish line was as breathless a thing as the river ever has seen.

Thought Cornell Won

From the shore far up on a hill in a line with the finish it looked as if the Big Red shell from Ithaca had made it by perhaps half a length. It looked as if Cornell shell had nipped California by a little less than the margin that separated Washington in third place and Navy in fourth.

The crowd on the shore thought so howling in glee. The Cornell crew slapped each other on the backs.

But the crowd on the observation train thought California won and the judges came out of a huddle to announce their decision. Once more California was lord of the river with Cornell officially second by part of a boat deck length three fifths of a second.

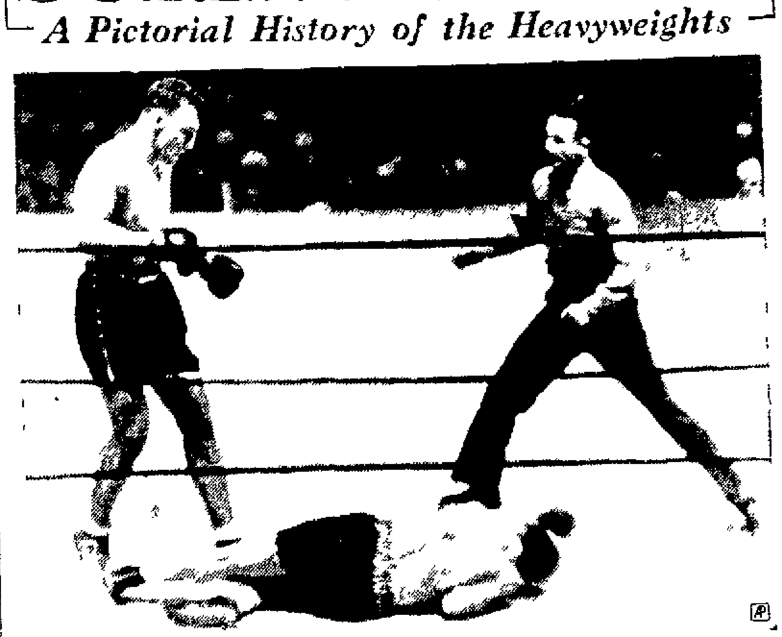

The other placings put Syracuse fifth Pennsylvania sixth and Columbia seventh. The times were California 18 52 Cornell 18 52 3-5 Washington 19 00 4 5 Navy 19 03 4 5 Syracuse 19 09 1 5 Pennsylvania 19 37 and Columbia 19 37 1 5.

GOLFERS VIE FOR TITLE

By The Associated Press

ANCASTER Ont June 19—The Canadian amateur golf championship went into the second round today with seven players from the United States still in the running for the crown which Albert (Scotty) Campbell decided not to defend. C Ross Somerville former American amateur champ and four times winner of the Canadian amateur title was the favorite.

SULLIVAN TO BAER
A Pictorial History of the Heavyweights

XX SHARKEY VS CARNERA—1933

PRIMO CARNERA the Italian circus giant whose career has been one of the strangest in the history of boxing attain I the heavyweight championship of the world on the night of June 29 1933 in the Long Island bowl when he knocked out Jack Sharkey in the sixth round.

The knockout was sudden and surprising in view of the fact that the Ambling Alp had never before—or since for that matter—shown ability to hit sharply enough to kayo first class opponents despite his huge size and great strength.

Sharkey a superb boxer always when winning jolted the giant Venetian repeatedly through the first five rounds and apparently was winning as he pleased when suddenly he ran into a right uppercut (since considered the only really dangerous punch the Italian had) and went down forthwith for the full count.

The photographer gives an idea of the surprising nature of the finish with Carnera gazing at his fallen foe as though he scarcely could believe it himself. Referee Arthur Donovan starts to send Primo to a neutral corner. The net paid attendance was 31 ... with gross receipts of $196 000 of which Carnera got $16 000 and Sharkey $40 000.

FRED PERRY EVEN BET AGAINST TENNIS FIELD

Four Wimbledon Players Follow Title Holder on "Honor List"

By The Associated Press

LONDON June 19 Few persons—least of all the bookmakers are doubting that Frederick J Perry will retain his men's singles championship in the big tennis fortnight at Wimbledon starting June 24.

Stung for large sums on him last summer when they started him at reasonable odds of 3 to 1 against one of London's largest commission houses has the British ace listed at even money against the field this time.

Anybody who wants him at that price had better act quickly said an official of the house.

Tilden Only Other

Offhand he could remember only one other player who had started Wimbledon at evens—Bill Tilden. He proved a good investment.

Following Perry on the 1935 honors list. In Jack Crawford at 3 to 1 Bunny Austin 4 to 1 Gottfried Von Cramm 5 to 1 and Sidney Wood at 7 to 1.

From there the odds leap quickly to Wilmer Allison at 17 to 1 though why the man who extended Perry in the 1934 American final should be regarded thus lightly is not clear.

Next above that and sharing a bracket with Vivian McGrath are the youngsters of the American Davis cup team Donald Budge and Gene Mako at 20 to 1. At that they are more ... than such veteran stars as Jean Borotra and Dr Daniel Prenn both at 50 to 1.

For those who like a real run for their money there are such investments as Jacques Brugnon and Clayton Lee Burwell the American Oxford student at 200 to 1.

German Seeded No 2 for Tennis Tourney

LONDON June 19—The tournament committee for the Wimbledon tennis championships opening next Monday sprang a surprise today by seeding Baron Gottfried Von Cramm of Germany No 2 in the men's singles behind the defending champion Fred Perry of England.

Von Cramm's high position in the draw reflected his consistent play both this year and last. Jack Crawford of Australia was seeded No 3 followed by H W (Bunny) Austin of England Wilmer Allison of Austin Texas Sidney Wood of New York Roderich Menzel of Czechoslovakia and Christian Boussus of France in that order.

Germany also gained second position in the seeding for women's singles. Hilda Krahwinkel Sperling who recently won the French title after defeating Helen Jacobs the American titleholder in the semifinals was rated just behind Dorothy Round the English star and defending champion. Miss Jacobs was seeded No 3 followed by Helen Wills Moody former world's titleholder who is attempting a comeback.

CLAY COURTS FIELD DELAYED BY RAIN

By The Associated Press

CHICAGO June 19—Far behind their schedule because of two days of rain the field in the National Clay Courts tennis championship hopes to get even today by playing on 10 courts of the River Forest and Oak Park tennis clubs.

Only two seeded players Gilbert Hall of Orange N J and Frank Parker of Milwaukee have been able to play their first matches both of them winning.

Sketches From Career of New World Champ

(This is the second of four articles on the up down and up in career of Jimmy Braddock new heavyweight champion of the world)

• • •

BY EDWARD J NEIL
Associated Press Sports Writer

NEW YORK June 19—James J Braddock was named to the prize ring from birth.

Early in the morning of June 7 1906 in the heart of Hell's Kitchen on West 48th street he was born to Mrs Elizabeth O'Toole Braddock and the proud father Joe now 70 and a watchman on the Hoboken docks promptly named the lusty infant James Jay in honor of James J Jeffries then heavyweight champion of the world.

The parent Braddocks both mother and father came from County Galway Ireland 45 years ago. One of Jim's uncles was a famed rough and tumble fighter another a prominent foot runner. Two of Jim's three older brothers Ralph and Joe were fighters for a time. He has four brothers in all and two sisters.

Started at Ten

The family moved to New Jersey where Father Joe set up in the trucking business when Jim was nine months old. He went to school in West New York N J and his fighting career started early. He was 10 when he flattened his first schoolmate Elmer Furlong with a single right. He fought Johnny Morris another pal 30 times for the fun of it splitting the decisions about even.

At 12 he was a messenger boy and one job he liked was carrying the round by round description to a newspaper office of Jack Dempsey's conquest of Jess Willard at Toledo in 1919. At 14 he was an apprenticed helper in a print shop and after hours he'd sneak over the fence of Jersey ball parks to watch fights. At 18 he was in the amateurs weighing 158 pounds. He scored by knockouts before he turned professional.

Asked to Spar

One day in 1925 in a Union City N J gymnasium a New York manager Joe Gould was superintending the training of a middleweight Harry Galfund. Joe spotted a big skinny kid standing by the ... posts looking eagerly on. Joe needed a sparring partner.

You a fighter he demanded.

Yes sir said the youngster.

What's your name? What do you weigh?

Braddock 162.

Wanna box with Galfund?

Sure.

Braddock almost knocked out Galfund a seasoned fighter ... where ... Gould sent the old war ...

... home and took over the new. They never signed a contract. As the years rolled by and they went up and back climbed again to the heavyweight championship they've never had a contract covering the situation. They've earned nearly $300 000 and they spent ... it ... bad investments ... Gould never ... the Irish kid he came on by accident.

Never a Contract

In the extreme ... of their experience when ... a year ago Jimmy had to go on the relief rolls and when Joe was selling an ... Jimmy needed ... to pay the milk ...

Today Gould ... $150 ... accept ... and ... fight ... Braddock's ... the contract binding their arrangement.

U. S. COLLEGE GOLF CHAMP FOURTH HAND

1933 Winner Rates No Better on Oklahoma U Title Seekers.

By The Associated Press

NORMAN Okla June 19—An undergraduate foursome so expert that the 1933 national intercollegiate champion rates no better than fourth place hopes to bring the collegiate title to the University of Oklahoma.

Now they're looking for the expense money to go to the collegiate championships at Congressional Country club Bradbury Hills Md June 24 29.

Fast Team Ready

Besides Walter Emery who won the individual championship two years ago the Sooner team is composed of Harry Gandy a slim blond fellow who went to the fifth round of last year's national amateur before being eliminated by Lawson Little. Al St John Oklahoma collegiate champion and semi finalist in the 1934 Oklahoma amateur and Maurice Harkin on Oklahoma City champion in 1933.

The Oklahomans shot an aggregate 631 in a driving wind and rain storm at Lincoln Neb to win the Big Six conference team championship and 613 two weeks earlier under similar conditions at Oklahoma City in annexing the state collegiate championship.

Seeks Driving Title

Coach Bruce Drake believes Mahatma Gandy the Sooner No 1 would be a formidable contender for the collegiate driving champion ship scheduled for June 25. He socks tee shots 275 to 325 yards.

Although Emery deep in his law studies is overweight and off his best stride both he and Gandy are excellent match players. St John and Hankinson are consistently good medal players.

Thirty six holes of medal play June 24 and 25 will determine the four man team championship as well as the select group of 32 qualifiers who will battle it out in four days of match play for the individual crown.

PLAN COON CHASE

POWELL O June 19—A coon chase is to be held at the Powell fairgrounds Sunday. A $100 guaranteed purse with no entry fee is a feature.

PITTS WILL SIGN WITH TEAM TODAY

By The Associated Press

ALBANY N Y June 19 — Edwin C Alabama Pitts today becomes a full fledged member of the Albany baseball club and he hopes, just a other ball player.

The 24 year old former convict who was banned from organized baseball until Judge K M Mountain Landis came to his rescue expects to sign a new contract this afternoon and take his place in the Albany lineup next Sunday.
